- **MADE IN EUROPE**
- **LIQUID AND OIL RESISTANT**

SPECIFICATIONS

Our PGD U-Line III is a premium standalone multi-curve plate.

The plate is made of Silicon Ceramic from Saint Gobain and aramid backing. This enables a good protection-to-weight ratio and edge-to-edge ceramics.

The plate is covered in a very thin drop resistant foam and a liquid-repellent Cordura cover, which protects the ballistic properties against water, oil and similar liquids.

The plate has a thickness of just 27 mm.

7-year ballistic warranty.

BALLISTIC TESTING

- NIJ 0101.04 (certified)
- NIJ 0101.06 (tested)
- CE certified (EU) 2016/425
